

Forced-Choice Reinforcement Survey Name: In order to identify classroom reinforcers, it is important to go directly to the source, namely, you the student. Below is a paragraph that provides instructions for completing a series of "controlled choice" survey items about individual reinforcement preferences. Please read the following paragraph carefully:

"Let's suppose that you have worked hard on an assignment and you think that you have done a super job on it. In thinking about a reward for your effort, which one of the two things below would you most like to happen? Please choose the one from each pair that you would like best and mark an "X" in the blank that comes in front of it. Remember, mark only one blank for each pair."
